About Us

SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT

Protecting our Community
Safeguarding the Environment

Our mission is to protect public health and the environment through reliable and safe conveyance, treatment and disposal of wastewater in the most cost-effective manner possible, now and into the future.

Regional San owns and operates the regional wastewater conveyance system and the 181 MGD Sacramento Regional Wastewater Treatment Plant located near Elk Grove, California. At Regional San, we provide wastewater conveyance and treatment services to residential, industrial and commercial customers throughout unincorporated Sacramento County; the cities of Citrus Heights, Elk Grove, Folsom, Rancho Cordova, Sacramento and West Sacramento; and the communities of Courtland and Walnut Grove.

Regional San is undertaking a monumental effort - called the **EchoWater Project** - to take our region's wastewater treatment to a whole new level. When completed, the EchoWater Project will be capable of meeting our region's needs and protecting our region's waterways for generations to come.
